

Bergey's Mill Road Bridge Replacement UPDATE

Montgomery County recently notified Lower Salford Township about the status of the Bergey's Mill Road Bridge Replacement project in late February that the project was being advertised with contractor bids due by April 16, 2024. Following receipt of those bids, the County will review the submissions and anticipates making an award during a May 2024 Commissioner's meeting. Once the project is awarded, they will continue with the pre-construction activities leading up to a Notice-to-Proceed (NTP) for construction. The NTP date is anticipated to be in the summer of 2024 with a project duration of 590 calendar days. As part of the project development requirements for the bridge replacement, a small section of natural trail will be added to Bergey's Mill Park leading up the hill to a scenic overlook/sitting area facing the East Branch of the Perkiomen Creek. The Township looks forward to the completion of this long-awaited infrastructure project.
